#### Description [\(revised\)](#)

##### Alien Meteorite Rock

This rock was found by my great grandpaw down in the swamps of bayou lafourche, Louisiana while hunting alligators. It has been passed on to me and is now in my possession. I believe it to be some sort of meteorite of some kind and always have thought of it as some kind of alien rock from another planet. It seems to be made of metal and stone and it weighs about 56-57 pounds, pretty heavy for its size.
