Seller's description

Attention! The radiation background soil does not exceed standard

Attention! Sold only black sand found near the meteorite fall!

Today I put the lot with soil. And now, I bring to your attention the black sand! A handful of sand is not far from the site of a meteorite. Nothing like I had not seen before, it is really black! Black sand! Look at the photos, but in reality, it is even more beautiful. I think that black sand on the ground together with the asteroid that landed yesterday near the town of Chelyabinsk 15.02.2013

Total available about 300 grams of the substance. In one lot sold 30g (± 5 g). Packed in a plastic bag, as in the photo.

Ships from Russia only EMS mail.

If you have questions - Contact me

Here's a video of meteorite falling from youtube:
